#### **Financial review**

Bigbank AS focuses on the provision of consumer loans. In line with the corporate strategy, as at 30 September 2017 loans against income accounted for 89.0%, loans against surety for 1.2% and loans secured with real estate for 9.8% of the total loan portfolio.

As regards past due receivables, it is important to note that the collection of non-performing consumer loans differs significantly from the recovery of loans that have physical collateral (for example, mortgage-backed loans). Due to their nature (as a rule, consumer loans are backed with the customer's regular income), claims related to terminated consumer loans are satisfied in smaller instalments over an extended period rather than in a lump sum raised through the sale of the collateral.

To mitigate the risks arising from customers' payment behaviour and to cover potential credit losses, the Group makes impairment allowances, which are based on historical data and are created on a conservative basis. At 30 September 2017, impairment allowances totalled 57.0 million euros, consisting of:

- impairment allowances for loan receivables of 34.9 million euros,
- impairment allowances for interest receivables of 9.6 million euros,
- statistical impairment allowances of 11.8 million euros,
- impairment allowances for other receivables of 0.7 million euros.

Where debt recovery proceedings do not yield expected results, the underlying receivable is written off the statement of financial position.

At the end of the third quarter of 2017, the Group's liabilities totalled 335.3 million euros. Most of the debt raised by the Group, i.e. 326.5 million euros (97.4%) consisted of term deposits.

#### Note 16. Fair values of financial assets and financial liabilities

- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2);
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

#### Report on review of interim condensed consolidated financial statements

#### To the Shareholders of Bigbank AS

#### Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Bigbank AS as at September 30, 2017, which comprise the interim statement of financial position as at September 30, 2017 and the related interim statements of comprehensive income, changes in equity and cash flows for the nine-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with IAS 34 Interim Financial Reporting (IAS 34). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 Interim Financial Reporting.
